

*Introducing*  
**OUTLOOK CHRISTIAN CHURCH'S NEW FACILITY**

“Designing this first phase of our new campus with Aspen Group was a great experience. And we are very pleased with our end product. With dozens of baptisms and wonderful growth in these first six months, we couldn’t be happier!”

*Rob McCord, Sr. Pastor*

AN  
**Aspen Group**  
PROJECT

# CREATING EXCITEMENT IN THE COMMUNITY

**Outlook Christian Church** in McCordsville, Indiana, opened the doors of their new multipurpose facility in February, 2009. The driving force behind the project was a desire for space that would accommodate the growing ministries of the church and reach the families in the surrounding community with the love of Christ.

Outlook partnered with Aspen Group to design and build a unique facility that aligned with the church's culture. The 29,000 sq. ft. multipurpose facility is Phase 1 of the master plan. A simple but colorful design with a

little "edge" inside and out creates a warm, inviting space. The multi-use gym features three basketball courts and doubles as a high-tech worship venue for over 500. The first floor houses classrooms, fellowship space, a full-service kitchen, and an outdoor terrace. Classroom spaces on the second floor use operable partition walls to divide three large rooms into as many as six smaller gathering spaces.

The beautiful, new facility has truly impacted the heart of Outlook's ministry. Even before the first Sunday in the new facility, the excitement of the project had spurred growth in the church. Since October 2008, 280 new families have visited for the first time, with 85 of these families becoming regular attendees including 52 individuals being baptized!
